Summary

Full-stack web developer who learns fast, has great communication skills, and is well-organized. Known for writing clean, organized, and concise code, I excel at being self-motivated, and work great under pressure. I look forward to utilizing my skills in an environment that encourages further constant learning.

Technical Skills

Languages: HTML, CSS, JavaScript
Applications: Node.js, jQuery, Moments.js, Bootstrap

Projects

Emergence | https://github.com/AWSiegfried/Emergence_v1 | https://awsiegfried.github.io/Emergence_v1/
- A music discovery app designed to help user's find local artists of a specific genre in their city.
- My responsibilities on this project were the integrate the Youtube API, as well as implementing the overall functionality of the app.
- JSCharts, Spotify, Youtube, JavaScript, jQuery, Bootstrap, CSS, HTML, local storage

Code Quiz | https://github.com/DJ620/code-quiz | https://dj620.github.io/code-quiz/
- An interactive quiz I made about coding. You have 60 seconds to answer as many questions as you can, and get a chance to enter your score on the high-score board.
- HTML, CSS, JavaScript, local storage

RainShine | https://github.com/DJ620/rain-shine | https://dj620.github.io/rain-shine/
- A weather app that lets a user enter a city and get back the current weather, as well as a 5 day forecast. The city entered will be saved to a list on the dashboard, which can be deleted if no longer needed.
- OpenWeather API, JavaScript, jQuery, local storage, Bootstrap, CSS, HTML

Education

Full-Stack Web Development Certificate: UCLA, Los Angeles, CA
- A 3-month intensive program focused on gaining technical programming skills in HTML, CSS, JavaScript, jQuery, BootStrap, Node.js, MySQL, MongoDB, and ReactJS.

BFA in Musical Theatre: AMDA, Los Angeles, CA
